of each panel

## Panel 1: Product Rates Setup

### Elements

#### 1 Date Selection

These buttons allow the user to search for previous, current and upcoming rates. The user can also select a specific date by clicking **Select Date**. The user is able to view the Date a Rate took or will be taking effect.

#### 2 Rate Group(s)

These tabs allow the user to configure the rates based on the Rate Group. *See Product and Services to configure the Product Groups.*

#### 3 Product Group(s)/Product(s)

This is the tree list that displays the current Product Groups that have Products listed under them. The rates for these Products can then be viewed and edited in the Rate Editor. To view/edit previous, current or upcoming rates the Date Selection Buttons would be used. *See Products and Services to edit Products.*

#### 4 Rates Editor

**Prev Rate:** Displays the current rate for that time period.

**New Rate:** Enter the new rate for the desire product.

The screenshot shows the 'Product Rates Setup' page for 'Demo Business'. It includes a breadcrumb trail (Home > Setup > 4. Product Rates Setup), a 'Security Level: Sales Person' indicator, and a 'Product Rates Setup' header with 'COLLAPSE' and 'MOVE' options. The business address is 2231 Any Street, Barstow, California 92312, Bus.# 98511. There are 'Cancel' and 'Submit' buttons. The main section is titled 'Rates as of October 24, 2012' and features 'Prev', 'Today', 'Next', and 'Select Date' buttons. Below this are tabs for 'Preferred' and 'Regular'. A table lists products with columns for 'Product', 'Prev Rate', and 'New Rate'. The 'Reservation Fee' row is expanded, showing a 'Security' sub-row with a 'Key Deposit' of \$10.00. A tree view for 'User Defined Products' is visible at the bottom.

Special Note  
When **Select Date** is clicked, the dates when the rate was changed is also highlighted
